

Cieran Perry

Independent Community Councillor

A STRONG INDEPENDENT VOICE FOR YOU

A personal message to YOU from Cllr. Cieran Perry...

I have no desire to be a TD for personal gain. In fact, as your City Councillor, I have never kept a single euro of payments for myself. I seek your vote because Ireland now needs strong Independent voices to represent you and not just an elite few. We need to move forward and leave the stale old politics of the political parties behind.

Many of my friends and neighbours have lost their jobs, several have had to emigrate and those of us still working have been crippled by wage cuts and endless levies. Those who caused the crisis and those who sat on the opposition benches, never calling halt, offer us no real change and certainly not the future Ireland deserves.

I do not believe that a new Enda Kenny led Fine Gael/Labour government will bring about the change we desperately need. I do not want Gerry Adams as leader of the opposition considering that Sinn Fein voted for the original bank bailouts. Anybody voting for any Fianna Fail candidate will be seen as rewarding that party for the destruction of our economy.

I believe that we need a block of new strong Independent voices in the Dail representing the views and ambitions of the ordinary people of Ireland. We need rid of the tired old politics of the existing parties. I will work with like minded Independents to seek to create a major reform of Irish society. Politicians need to lead by example.

If elected as a TD for Dublin Central, I will strive to achieve real change, prioritising job creation and economic stimulus as well as ensuring that integrity, fairness and honesty actually mean something for us all.

Any new government will fall back into their cynical old ways unless you elect strong Independent voices to challenge their lies and meaningless promises. A new Fine Gael/Labour government will only continue Fianna Fail's attack on workers, the unwaged and pensioners unless challenged by a real opposition of active Independent TD's.

I hope you will vote for me so that I can be one of the new genuine Independent voices in the Dail who will represent the people, speak out for the people and put the new government under constant pressure to deliver a better future for us all.

BEWARE.....

Watching the election polls, it now appears that the next government will be an Enda Kenny led Fine Gael / Labour coalition. This really concerns me because I believe that this new coalition will act in the same way as the Tories did in England. They have slashed jobs and wages and increased taxes and then blamed it all on the previous government. Fine Gael, like the Tories, are a very right wing party and will focus on slashing jobs, freezing pay and increasing Taxes with Labour's help.

Don't say you have not been warned.

WHY VOTE INDEPENDENT?

The simple answer is why not. Following the Economic crisis that we find ourselves in, through no fault of the ordinary citizen, I believe that Ireland needs an effective, diligent and active opposition to ensure that any new government are held accountable. Remember, most political parties supported the ludicrous bank bailout. I certainly would not have done so. That's why we need strong Independent TD's working for Ireland in the Dail and not more weak opposition.

Councillor Cieran Perry

- A Proud Record of Achievement

Councillor Perry speaking at a council Meeting

Councillor Cieran Perry is widely recognised as one of the most hardworking Councillors in Dublin City and has a record second to none as a campaigner on behalf of the ordinary citizens of our great city. Cieran brings an honest approach to politics and is never afraid to take a stand against those who bring hardship upon our families and communities.

Cieran has been involved with local campaigns throughout Dublin Central as well as working on national issues such as opposition to the bank bail-out, repealing of the minimum wage reduction and seeking to maintain employment in our City. In his role as a City Councillor he has also had several important motions passed such as the condemnation of Fianna Fáil's economic wreckage. Another important motion was the restriction on the opening of new off-licences in Dublin. A personal motion he successfully brought to City Council was the promotion of a 'Dublin Day' which would see our proud City celebrate all that is great about its people and its culture. This would also provide an economic boost to our economy.

On a local level, Councillor Perry has worked with residents from every corner of Dublin Central on issues such as Housing, local Job retention, environment, sports and leisure facilities, crime prevention and protection for our senior citizens. As a married father of two children, Cieran has been active in the campaign for a permanent school building for his local Gaelscoil. He has also been active in various summer and community projects.

This election is correctly all about the national issues but it is essential that we elect somebody with a true record of hard work, honesty and ability.

The following are just some of the important issues and organisations in which Cllr. Cieran Perry has been involved over the past 15 years.

- * Dublin City Council **Housing Strategic Policy** Committee Member
- * Dublin City **Joint Policing Committee** Member
- * Dublin City Council **Anti Social Behaviour** Policy Committee Member
